

## SUMMER HOLIDAY HOMEWORK

CLASS-IV

Dear Parent

Its vacation time again! The uphill task of keeping your little ones fruitfully occupied must be the top most priority in your mind. Some interesting, innovative and creative project work has been planned for your children to enable them to widen their horizon. Kindly allow them to do the work under your guidance and supervision.

- Do visit museums and monuments with your children to help them explore and learn about the rich culture and heritage of India. Encourage your children to observe the sign boards and note down the instructions written on them for class discussion.
- Health is wealth- Accompany your children to the neighbourhood park and encourage them for a morning walk and simple yoga exercises.
- Setting up a routine is a must to inculcate good habits. Let your child plan his/her daily routine for a week.

**\*\*\*School re-opens on Thursday, 13<sup>th</sup> June, 2019\*\*\***

Wishing all of you a very enjoyable and fun packed summer break!!

### GENERAL INSTRUCTIONS:

- ❖ All the work should be hand-written and done neatly.
- ❖ Original drawings / illustrations and creative use of material will be appreciated.

### ENGLISH:

- Read the book 'Diary of a Wimpy Kid' by Jeff Kinney and write not more than 10 lines about your favourite character from the story.
- Your parents need to go grocery shopping. Help your parents make a list of things they need to buy. Once the list is ready organise the items as countable and uncountable nouns. Make sure there are at least eight examples of each type of noun.(To be done on a one-fourth chart paper)

### SCIENCE:

- Paste pictures of eight animals and their babies in the Scrapbook.(2 in each page) Write few lines about them(Like Habitat, food habit, egg laying/ gives birth to babies)

### SST:

- Suppose you have been transported to Vedic Age by a time machine. You find yourself to be the Rajan of a Jana. Describe your day as the Rajan who tries to solve a fight over a cow between two people belonging to his Jana.

## MATHEMATIC:

Q1. Write 43908, 41809, 43980 and 42098 in ascending order

Q2. Complete the following worksheet in the notebook.

### Roman Numerals

Ancient Romans used numbers that look different from ours.

Roman Numerals	I	V	X	L	C
Arabic Numbers	1	5	10	50	100

To convert Roman numerals to Arabic numbers, you will add.

XXVI = 10 + 10 + 5 + 1  
XXVI = 26

Sometimes, if a smaller number comes before a larger number, you will subtract.

IV = 5 - 1 = 4  
XC = 100 - 10 = 90

Here's an example of a number where you add and subtract.

CCIV = 100 + 100 + 5 - 1 = 204

Write Arabic numbers. Use addition for these.

1. XI = \_\_\_\_\_      2. VII = \_\_\_\_\_      3. CLV = \_\_\_\_\_  
4. III = \_\_\_\_\_      5. CCX = \_\_\_\_\_      6. CXXVII = \_\_\_\_\_

Write Arabic numbers. These are special numbers that require subtraction.

7. IX = \_\_\_\_\_      8. XL = \_\_\_\_\_      9. IV = \_\_\_\_\_

Write Arabic numbers. You may need to add and/or subtract.

10. XXIX = \_\_\_\_\_      11. XIV = \_\_\_\_\_      12. XVI = \_\_\_\_\_  
13. CIX = \_\_\_\_\_      14. CCC = \_\_\_\_\_      15. XLII = \_\_\_\_\_  
16. CXC = \_\_\_\_\_      17. VIII = \_\_\_\_\_      18. CXCIX = \_\_\_\_\_

Q3. Write in words 714008

Q4. Find the number that is 1260 less than 7296.

Q5. What number should be added to 23192 to get 47938?

## COMPUTER:

Make an informative chart on types of storage devices on chart paper.

## 2<sup>ND</sup> LANGUAGE: BENGALI:

চিবসহ একটি বৃষ্টি সম্পর্কিত কবিতা নিজে রচনা কর। (নিজে শিখি খাতা)

## 2<sup>ND</sup> LANGUAGE: HINDI:

संज्ञा तथा इसके भेदों को स्पष्ट करें (चित्र प्रणाली द्वारा) (in chart paper)

# Happy Holidays!!
